Physics

A module that helps solving problems in physics.

Contents

- Hydrogen Wavefunctions
- Matrices
- Pauli Algebra
 - References
- Quantum Harmonic Oscillator in 1-D
- Quantum Harmonic Oscillator in 3-D
- Second Quantization
- Wigner Symbols
 - o References
 - Credits and Copyright
 - Authors
- Unit systems
 - Philosophy behind unit systems
 - Examples
 - o Dimensions and dimension systems
 - Unit prefixes
 - Units and unit systems
 - o Physical quantities
- High energy physics
 - o Gamma matrices
- The Physics Vector Module
 - References for Physics/Vector
 - Guide to Vector
 - Vector API
- Classical Mechanics
 - Vector
 - Mechanics
 - Guide to Mechanics
 - Mechanics API
- Quantum Mechanics
 - Quantum Functions
 - States and Operators
 - Quantum Computation
 - Analytic Solutions
- Optics Module
 - Gaussian Optics

- Medium
- o Polarization
- Utilities
- o Waves
- Control Module
 - Control
 - o Control API
 - Control System Plots
- Continuum Mechanics
 - o Beam
 - o Truss
